

WHY TRYOUT FOR EAST CELEBRITY ELITE?

MAY 20TH & MAY 21ST

Entering our ninth season, we are a well established business!

Producing world renowned teams with admired and respected athletes.

Our philosophy is fairness. No one athlete is above another or their team regardless of ability. The key to our athletes individual and team success is the product that we have to offer them. With the area's most talented staff, a training facility dedicated to our sport, use of the industries leading choreographers and well blended professional music we do things right! Our athletes are a proven track record of our success.

BEGINNER ATHLETES

The biggest misconception about our gym is that you have to already have tumbling or have experience to be a part of our program. Most of our athletes that are currently in our gym started on a team as a beginner with NO experience. It is our job to train you!

ADVANCE ATHLETES

We offer two level 5 teams and multiple advance tumble instructors.

We offer a hard working, fun and safe environment.

All of our staff are USASF certified, child/adult CPR and first aid certified and staff needed are AACA and gymnastics certified.
