IMPORTANT DATES

Childhood Cancer Awareness Month

#ShowYourGold

September is Childhood Cancer Awareness month and WE want to give it the attention it deserves. Each year more than 10,000 parents are told, "Your child has cancer." As devastating as that is, there is something that WE can do. It doesn't cost anything other than a few minutes of your time. Bringing awareness to such an important issue is priceless.

The week of September 21-24 WE are encouraging all students to #ShowYourGold and wear gold/yellow to class. All throughout the month Winnersville Elite will be supporting the #ShowYourGold movement and posting pictures with the hash tag.

AUTO PAYMENT NOW AVAILABLE

Sign up for auto-payment and never worry about late fees again!

To sign up for auto-payment simply log into your parent account online and add a card to your file. Here's how:

1. Visit www.winnersvilleelite.com
2. Click the "Classes" tab on the left hand menu and log in.
3. Under "Payments" on the left hand menu click "Manage Payment Options" and add payment type.

There are a few things to understand when enrolling in auto pay.

- Billing is directly associated with enrollments. Therefore, if you are enrolled in a class you will automatically be billed. It is important that you drop all enrollments that you do not wish to be billed for. You may do this online at any time.
- If you have a card on file then your tuition will automatically be drafted on the first of each month. Make sure you remove all cards on file if you do not wish to have your tuition automatically drafted.
- Pay attention to your statements and bank accounts just as you would for any other automatically drafted bills.

Coach's Corner (from the Ohio Institute of Sports Psychology)

You don't have to be a professional athlete or an Olympic champion to be a successful athlete. Nor do you have to have a room full of trophies, win a state championship, or make the front page of the sports section.

What makes an athlete successful is that their sport is important to them and they're committed to being the best that they can be within the scope of their limitations – other life commitments, money, time, and their natural ability. They set high, realistic goals for themselves and train and play hard. They are successful because they are pursuing their goals and enjoying their sport. Their sport participation enriches their lives and they believe that what they get back is worth what they put into their sport.

There are nine, specific mental skills that contribute to success in sports. They are all learned and can be improved with instruction and practice. We believe that our work is worthwhile because the same mental skills that athletes use in achieving success in sports can be used to achieve success in other areas of their lives.

Nine Mental Skills of Successful Athletes:

Choose and maintain a positive attitude.
Deal effectively with people.
Manage anxiety effectively.

Maintain a high level of self-motivation.
Use positive self-talk.
Manage their emotions effectively.

Set high, realistic goals.
Use positive mental imagery.
Maintain concentration
