

# EPCA DRESS CODE

We recognize the standards of dress vary greatly among our families, but our goal is that our students develop a desire to dress in a manner that would be pleasing to God. While opinions about dress may vary among even Christians, our goal is to teach our students the importance of modesty and restraint with regard to their outward appearance. Clothes, accessories, and jewelry must not be a distraction or hindrance to the learning process. Children should avoid drawing attention to themselves via fashions or hair style. We believe that our clothing is a reflection of our heart, and as a result, modesty is important to our Lord and Savior. We ask parents to review the dress code at the beginning of each year to ensure that their children are in compliance. Please monitor your child's clothing and accessories each morning before leaving for school.
